

## PAGE THAT KILLS

Was Traveled by Ben McGill, a Well Known Earlwhile Hotel Clerk.

Fell a Victim to a Woman's Wiles—Being Tried for Lunacy.

A special from Hawesville says: Ben McGill is being tried on a writ of lunacy in this county, his boyhood home. He is especially well known to the traveling public, for the first position held by him when he went away from the clerk's office here, where he was a deputy, was to the office of one of the packets of the Louisville & Henderson Mail Company.

His suave manner and large acquaintance soon brought him to the notice of Capt. Lloyd Whitlow, manager of the Louisville Hotel, and he was given the position of cashier in that popular hostelry. He filled the position in such a manner that he won recognition from Mr. A. R. Cooper, manager of the Galt House, in Louisville, who offered him the position of chief clerk, which he accepted and held for years.

One day there appeared at this dignified hostelry a woman of dashing appearance; her sparkling eyes and pouting lips inviting suitors as the flame invites the moth, and poor McGill fell a victim to her wiles. Position, the future, honor and all that man holds dear were thrust aside that he might follow in this Circe's wake, a chained and willing slave to passion's wiles. Penitence and drunk, he was abandoned at Memphis, Tenn., by the woman.

Several times he has tried to rise again, but the fates stood in the path like the angel of Paradise with flaming sword in hand and drove him back to the blackness of his doom. Once since he secured a place with the L. & N., in Louisville, but always to fall, and at the age of 40, he is a hopeless and helpless imbecile.

## A Railroad Man's Prayer.

Not long since an old railroad man who drifted in a church where a revival service was going on, was asked to lead in prayer. He said:

"Oh, Lord, now that I have flagged Thee lift up my feet off the rough road and plant them safely on the platform of the train of salvation. Let me use the safety lamp known as prudence, make all the couplings on the train with the strong link of Thy love and let my hand lamp be the Bible; and, heavenly Father, keep all switches closed that lead off on sidings, especially those with a blind end. Oh Lord, if it be Thy pleasure, have every semaphore light along the line show the white light of hope, that I may make the run of life without stopping. And Lord, give us the Ten Commandments for a schedule; and when I have finished the run on schedule time, pulled into the great dark station of Death, may Thou, the Superintendent of the Universe, say, 'Well done, thou good and faithful servant, come and sign the pay roll and receive a check for Eternal Happiness.'"

## Bought a Fine Horse.

O. L. Coffman, of Slaughtersville, sold a horse on last Friday to the fire department at Hopkinsville for the sum of \$200. Mr. Coffman always handles good horses and he knows how to take care of a horse, therefore he has no trouble in getting good prices for his stock.

## A ROLL OF HONOR.

Kentucky Building at World's Fair Will be Erected From the Dimes of School Children of the State.

The name of every school child that casts a vote in the School Teachers' Popularity Contest of the Kentucky Exhibit Association will be enrolled in the Kentucky Building at the World's Fair in St. Louis so the world may see that he or she gave a dime towards the erection of the magnificent structure and at the same time helped to elect his or her favorite teacher for one of the 125 free trips to be given the most popular educators of the State at the expense of the Association.

All of the names will be type-written in capitals on one continuous roll of paper, which will be run through an electrical device hung on the most conspicuous wall of the first floor of the Kentucky Building, giving a first view of it to every one who enters the "New Kentucky Home" at the exposition. Over the roll as it is unwound will be a powerful magnifying glass, allowing the names to be easily read from almost any part of the room.

The machine will be so geared as to run the entire list of names through every eight hours, making three shifts daily. On one side of this large box will be a large dial, with the name of every county in the State plainly printed around it. An indicator will tell the visitors what county is running off the roll. On the other side of the box will be a time table giving the hour and minute the children's names from each county will be in sight during the three different shifts. By this method the children will be given full credit for the dimes they spend for votes in the Popularity Contest.

Children casting more than one vote will be given full credit for this additional display of State pride and interest by having figures stating the number of votes cast placed in parenthesis by the side of their names.

## TREASURE FOR SOMEBODY.

Season Ticket to the World's Fair to the Person Who Catches a Wild Balloon.

A curious feature of the fireworks program during the dedication ceremonies at the World's Fair, St. Louis, will be the release of a large balloon, made of the finest and lightest oil silk, and filled with the best quality of hydrogen. To this balloon will be attached, under proper safeguards to prevent injury, a notice directed to the finder that on return of the notice to the Exposition officials a season pass to the Fair will be given. It is estimated that the balloon under moderately favorable conditions will travel a thousand miles before returning to earth. It is likely that much interest will be displayed on the night of the balloon's release as to the direction of the wind and that localities in the fortunate direction will be on the lookout for the treasure-laden messenger.

## Why the Editor Skipped.

(Fourth Estate.)

An editor of a small American paper recently stated he had been kissed by one of the most beautiful married women in the town. He promised to tell her name in the first issue of his paper next month. In two weeks the circulation of his newspaper doubled. But when he gave the name of his wife he had to leave town.

Seven hundred and eleven workers in the Wendemann glass factory at Alexandria, Ind., have returned to work after a strike of a week.

## RAILROAD MEN'S VOTING CONTEST.

THE BEE is getting up a voting contest for the handsomest and the ugliest railroad man on the Henderson Division. Each new subscriber or each old subscriber who pays \$1 for THE BEE for one year is entitled to 10 votes for either one. There will be two prizes. The first will be a handsome picture, 28 by 40 inches, framed, and worth \$5. The second prize will be a handsomely bound volume of Tennyson's complete works, also worth \$5. Anyone who is now or may become a subscriber to THE BEE is entitled to 10 votes for each dollar paid in. The contest will close June 30, and the result of the voting will be made public from time to time in THE BEE. Send in your subscriptions this week and begin voting for your favorite by cutting out the blank votes published in each issue.

## GATLIN DENIED BAIL.

Man Who Killed Beverly at Henderson Must Stay in Jail.

Henderson, Ky., April 11.—W. E. Gatlin, who killed Cabell Beverly in this city two weeks ago, must remain in jail until the May term of the Circuit Court without the privilege of giving bail, though his people are wealthy and willing to sign any bond. A motion for bail was heard this afternoon before Special Judge George D. Givens. The trial continued until 8 o'clock tonight.

A number of witnesses on both sides were heard and the case was submitted to the court without argument. The court overruled the motion for bail.

It is said Gatlin's attorney advised him not to make the motion, but Gatlin, confident he would get it, overrode the motion. Gatlin's wife was the only woman in the court room, which was crowded.

## TRIP ABANDONED.

Too Much Expense and Rivalry.

The proposed trip of Gov. Beckham, his staff and several hundred members of the State Guard to the dedicatory ceremonies of the World's Fair at St. Louis, April 30, has been abandoned. The lack of funds to pay the expenses of the soldiers and the rivalry between the various companies for the honor of making the trip are the causes assigned for the governor's action.

## Why He Left.

The celebrated chief, East-Fried-Polecat, alias Dr. Pretty Eagle, says he left Kentucky because the climate did not agree with his health. This is a possibility but by no means a probability. From the glowing accounts of Pretty's various escapades and peculiar business transactions as published in the newspapers throughout Western Kentucky, we are inclined to think this degenerate son of Rain-In-The-Ear and Bran-Mash-Snail left Kentucky because he was fearful of being waited on by a committee carrying a rope.

## "Send by Enclosed Girl."

(New York Press.)

An East Side druggist is preparing a unique scrap book. It contains the written orders of some customers of foreign birth, and these orders are both curious and amusing. Here are some that are copied from the originals:

"I have a cute pain in my child's diagram. Please give my son something to relieve it."

"Dear Doether, please gif bearn five sense worse of Auntie Toxyn for garle baby's throat and oblige."

"My little baby has eat up its father's parish plaster. Send an anecdote quick as possible by the enclosed girl."

"The child is my little girl. I send you five cents to buy two sitless powders for a groan up adult who is sike."

"You will please give the little boi five cents worth of epecac for to throw up in a five months old babe. N. B.—The babe has a sore stomach."

## Luna Hid Her Face.

The eclipse was pulled off Saturday night as scheduled. The sky was clear and Earlington people had an opportunity to "rubber" at the phenomenon.

When the moon rose above the horizon a small part of its surface was hid by the earth's shadow and about seven o'clock the maximum was reached, more than three-fourths of the surface being concealed. The eclipse lasted until after eight o'clock, when the moon shone again with her usual splendor.

## Gone Two Months.

Last Sunday while T. Jahn, a prominent farmer of near Beaver Dam, in Ohio county, was walking around on his farm, he found the dead body of his son, aged 22. Young Jahn has been missing two months. It is supposed that young Jahn drowned himself. No cause is assigned for the act.

Potatoes and Tomatoes On Same Vine.

(St. Paul Telegram to the Chicago Record-Herald.)

The state experimental station of the University of Minnesota has succeeded after long and patient efforts in growing potatoes and tomatoes on the same vine. One of the specimens on exhibition here is a plant which at the roots is putting forth potatoes of a high grade and above ground several well-developed tomatoes, some of which are nearly ripe. The phenomenon was produced by grafting a tomato vine onto a potato plant.

## Will Probably Lose a Leg.

Harry Ford, who has been railroading out of St. Louis for some time and was injured a few days since in a railroad accident, will in all probability be compelled to have his leg amputated. He will be removed to Nebo as soon as his condition will permit.

## Double Wedding Near Dalton.

A double wedding took place near Dalton Monday evening. The contracting parties were Mr. S. D. Rinehammer and Miss Nellie G. Sandifer, Mr. J. A. Rinehammer and Miss Annie B. Sandifer. The brides are sisters and the bridegrooms are brothers. All of the parties are very highly connected and have quite a number of friends in the section where they reside. The ceremony was performed at the residence of the parents of the bridegrooms.

## MUST PAY \$2,500

## FOR BOYCOTTING.

Jury Says Union Must Pay For Violation of Law by Striking Machinists.

## PLANT STILL RUNNING

WITH NON-UNION MEN.

Rutland, Vt., April 11.—The suit of the F. R. Patch Manufacturing company of this city, against Protection Lodge No. 215, International Association of Machinists, was ended in the county court today, when the jury brought in a verdict awarding the plaintiff \$2,500 damages.

Nearly all of the members of Protection Lodge were employed by the F. R. Patch Manufacturing company up to May 30, 1902. They struck for a nine-hour day without reduction of pay. The company began to hire non-union help in New York in place of the strikers. All the non-union men arriving here were met by the pickets of the union and a large proportion of them never reached the Patch plant.

The strikers also declared a boycott on the company's goods and induced local grocers not to sell to the Patch company nor to its employees. They hindered the company in many other ways, but the plant is still running with non-union workmen.

As the result of the boycott the business of the company fell from \$139,000 during the first five months of 1902, before the strike was declared, to \$41,000 for the last seven months of the year.

Suit was brought against the union in January for \$10,000, and more than 100 attachments were served on the real estate of members of the lodge. From this property the Patch company intends to collect the amount of the verdict.

Judge Seneca H. Elton today in his charge to the jury, laid great stress on the fact that a large number of union officials who were wanted as witnesses in the suit had disappeared from the city, and that the books of every union in the city had been hidden during the trial. He sharply arraigned the union men for these acts.

## WINTERED WELL.

Has the Wheat Crop of Kentucky.—Corn Planting Backward.

## PASTURES ARE IN GOOD CONDITION.

The Kentucky wheat crop has wintered in a manner highly satisfactory to the farmers in every section of the state, and according to the report of Commissioner of Agriculture I. B. Nall, which covers the quarter ending with April 1, and is just out, the prospects for a crop has not been better in twenty years.

On account of the wet weather corn planting is rather backward and because of the continued cold there has been but little opportunity to sow tobacco seed. The pastures are in splendid condition, while the fruit has suffered from the recent cold snap.

## Married at the Gap.

Miss Lizzie Kingston and Mr. Robert Woodward, of Mortons Gap, were married at the residence of the bride's parents at that place last Sunday. Rev. John O'Bryan, of the Baptist church, performed the ceremony. The marriage was witnessed by a number of friends and relatives who wish the happy bride and groom a pleasant journey through life.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know that they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at St. Bernard Drug Store."

## BLOOD HUMOURS

Skin Humours, Scalp Humours, Hair Humours,

Whether Simple Scrofulous or Hereditary

Speedily Cured by Cuticura Soap, Ointment and Pills,

When All Other Remedies and Best Physicians Fail.

COMPLETE TREATMENT, \$1.00.

In the treatment of torturing, disfiguring, itching, scaly, crusted, pimply, blotchy and scrofulous humours of the skin, scalp and blood, with loss of hair, Cuticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional humours, such as bad blood, scrofulous, hereditary and contagious humours, with loss of hair, glandular swellings, ulcerous patches in the throat and mouth, sore eyes, copper-colored blotches, as well as boils, carbuncles, scurvy, itches, ulcers and sores arising from an impure or impoverished condition of the blood, yield to the Cuticura Treatment, when all other remedies and methods fail.

Is greater still. If possible, is the wonderful record of cures of torturing disfiguring humours among infants and children. The stinging which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless cures for skin and blood troubles. Infants and birth humours, milk crust, scall head, eczema, rashes and every form of itching, scaly, pimply skin and scalp humours, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies suitable for children, and even the best physicians, fail.

A VALUABLE MEDICINE.

For Coughs and Colds in Children.  
"I have not the slightest hesitancy in the recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have named many who try this valuable medicine, and they are all as well pleased as myself over the result."

#### While Lilies Bloom.

There is no heart which needeth not to see the lilies bloom.  
As emblems of the risen life beyond the narrow tomb.

The resurrection of our Lord is yet each Easter told.  
While lilies and their kindred flowers from winter's throes unfold.

Beside the sepulchre where rests the dust of those we love.  
Each lily-bloom in God's wide world doth whisper, Look above.

There is no death—the Lord of Life hath conquered even the tomb.  
And from the clouds oft wet with tears, hope springs, while lilies bloom.

Oh, may the angels meet us yet on this new Easter-tide,  
And lead us thro' our griefs to find the risen Christ who died.

—I. Menck Chambers.

There are tiny particles called ferments floating in the air. Some of them fall into fruit juices when they are pressed out and left standing. When they once get into this juice, they begin to change it. It no longer tastes sweet and good. Two new substances have been formed in it, a gas which bubbles up to the top and disappears in the air, and alcohol which stays in the juice.—School Physiology Journal.

#### From Hearst's Chicago American.

"If men will drink let them drink in moderation. The whiskey habit is an evil, but it is not so much of an evil when indulged in moderately as when it is carried to excess." No one will think of questioning the logic of this proposition. Excessive drinking is a bad thing.

But what about the so-called moderate drinking? That it does one a great deal of harm to drink to excess no one denies; but how about the other question: "Does it do one no harm to drink in moderation?"

Take France for an answer. The French people are not drunkards. You might travel all day in France without meeting a drunken man, and yet for

contiguous, respectable drinking France goes ahead of all other countries.

But what has this habit done for France, the country where drunkards are almost unknown, and where nearly every one drinks moderately?

The answer is given in three words—tuberculosis, epilepsy, insanity.

One of the most distinguished of living Frenchmen, M. Mesureur, director of the Department of Charities of Paris, is responsible for this statement, which he has had printed in large type on placards that are posted up all about the gay capital. If it is a fact that moderate drinking has scattered far and wide the seeds of consumption, epilepsy and insanity in France, it is fair to presume that it will do the same in this country if given a chance.

Is it wise to take the chances? Has one a right to bring such evils upon one's self to gratify a perverted or diseased appetite?

#### JUST THE THING.

Every Kentuckian Should Have One.

THE BEE has been selected by the Kentucky World's Fair Committee to sell one hundred souvenir buttons representing the Kentucky building at St. Louis. These buttons are very tastefully arranged, are the size of a half dollar and are to be worn on the lapel of the coat. On the button is a colored illustration of the Kentucky building at the World's Fair. Underneath are the words "It's part mine." Every cent realized from sale of these buttons will go to help erect the Kentucky building, and every man in Hopkins county should help the good cause along by purchasing one at \$1.00. The buttons are on sale at the St. Bernard drug store and general store, M. B. Long's Bon-Ton bakery, Jno. X. Taylor's drug store, W. G. Barter's jewelry store, and the dry goods store of J. M. Victory. Any of the above named gentlemen will take pleasure in showing and selling the buttons.

#### \$10,000 TO BE DISTRIBUTED.

The St. Louis Republic Offers Fourteen Splendid Rewards to Subscribers.

An interesting announcement appears in that great metropolitan newspaper, the St. Louis Republic, in the form of a profit sharing offer to anyone now a subscriber or willing to become a subscriber of the Republic. A big sum of \$10,000 is to be paid in rewards for good judgment and skill. It is possible to earn all the way from \$10 up to \$5,000.

The Republic's subscribers are invited to estimate upon the number of admissions to the World's Fair grounds upon the occasion of the grand dedicatory ceremonies, April 30, 1908, of the Louisiana Purchase Exposition. The subscriber whose estimate comes nearest the official record will receive \$5,000; the next one will get \$2,500, and an additional sum of \$2,500 will be divided in rewards ranging from \$1,000 down to \$100 among those whose estimates most nearly approximate the official record of admissions. A payment of \$750 will provide for the delivery of the daily and Sunday Republic for not less than one year, or \$2 will pay for six annual subscriptions to the twice-a-week Republic, and if the remittance is received on or before 4 p. m. of April 29, 1908, the person sending it can make six estimates. More estimates may be made by extending a subscription beyond one year, or by organizing clubs and inducing others to subscribe.

Complete information as to the conditions of this contest, together with blanks, will be found in the daily, Sunday and twice-a-week editions of the Republic from April 2, until April 29, 1908, or will be mailed to anyone upon application. All communications and estimates should be addressed to the Republic Profit Sharing Bureau, Call Box 201, St. Louis, Mo.

#### THOUSANDS VIEW THE

MONITOR ARKANSAS.

Gala Day at Paducah, on the Occasion of Visit From Uncle Sam's War Vessel.

Paducah, Ky., April 13.—It is estimated that between 10,000 and 15,000 people went aboard the United States monitor, Arkansas, today. The steamers Dick Fowler and Bettie Owen carried the crowds to the monitor. Usually the vessel receives visitors no longer than 4 o'clock p. m., but on request of the local reception committee the time was extended to 6 o'clock. The officers were given a banquet and dance tonight at the Palmer, and the members of the crew were treated to a smoker at Elks' Hall. The monitor leaves here Tuesday night for Evansville.

### HAPPENINGS IN KENTUCKY.

When the L. & N. train No. 2 from Nashville pulled out of Franklin, Ky., Tuesday night for Louisville some one fired into it. The bullet passed through an open window and grazed the back of the neck of a passenger bound for Bowling Green, inflicting a slight wound. The bullet then narrowly missed another passenger. The passenger struck had been sleeping with his head on the back of the seat. He awoke when the brakeman called "Franklin." Had he kept his sleeping position he would have been shot through the neck.

The dead body of Willie Ferguson, little son of Ed Ferguson, of Paris, Ky., who has been missing since Monday morning, was found floating in a cistern in the basement of the Methodist church. The boy left home for Sunday-school, and not returning, a search was made for him. The janitor in searching the basement found the boy's cap on the edge of the cistern, which was not uncovered.

It is supposed that young Ferguson leaned over to look into the cistern, lost his balance and fell into the water. The body was recovered by the janitor and Mr. Fletcher Mann. The coroner's jury returned a verdict of accidental drowning.

Owingsville, Ky., April 15.—News from all parts of the county today show that an epidemic of petty thievery is in progress. Meat houses and chicken roosts are being robbed. One farmer lost \$50 worth of meat. In town Mrs. John Gimper was robbed of \$7 while in a store, and Joseph Toy, a young farmer, was held up at a lively stable by several negroes and robbed of \$10.

Bowling Green, Ky., April 15.—Two new candidates for mayor were announced yesterday. They

are E. H. Porter and William Carr. J. M. Robertson announced for representative from the city district.

Lebanon Junction, Ky., April 15.—Conductor Jack Melvin, of this place, was accidentally shot in the abdomen last evening while sitting in the office of the Stark Hotel. Grave fears are entertained by his friends that he will not recover. He has a wife and four children.

Russellville, Ky., April 14.—H. Louie Evans, who has been Circuit Clerk of Logan county for seventeen years, and who was a candidate for re-election, has withdrawn from the race.

Albany, Ky., April 15.—The Fiscal Court has ordered a new courthouse to be built in Clinton county to cost \$10,000, and has ordered bonds to be issued in denominations of \$500 each. The court raised the poll tax from \$1 to \$1.50 and added twenty-five cents ad valorem for jail purposes. A new jail is badly needed.

Versailles, Ky., April 14.—George Honaker, white, formerly of Bourbon county, in jail here under sentence of life imprisonment in penitentiary for murdering his wife, and charged with two former felony connections, was taken very ill with cramps tonight. A fellow prisoner says Honaker has swallowed seven capsules filled with powdered glass with suicidal intent. Honaker at first denied, but afterwards admitted swallowing the glass. His condition is serious.

Evansville, Ind., April 13.—The divorce suit of Jacob Anslinger vs. Martha Anslinger was tried today and taken under advisement. They have been married for thirty-three years and have thirteen children.

#### GRAPEVINE ITEMS.

The rains the first part of the week checked the progress of farming considerably.

Mrs. Jennie Robertson, of the Island, is reported some better.

Eld. Sam Smith filled his regular appointment at Bethlehem Sunday.

Mrs. Morrison is on the sick list. Sunday school opened here with an attendance of 49. A. E. Whitfield was elected Supt. and Miss Mayme Sisk, Secretary.

Master Frank Cain, of Mortons Gap, visited his great-grandfather, Mr. B. B. Davis, last week.

W. F. Barrow has added a large cellar to his house.

Miss Mayme Todd went to Oak Hill last week for a few days visit, after which she went to Greenville to accompany home her grandmother, Mrs. E. J. Todd.

Mrs. Genie Quinlan, of Texas, is visiting her father, Mr. G. W. Whitfield.

Jno. Slaton and family attended services at Madisonville, Sunday. Jap McGregor and family went to Earlinton Sunday.

Mrs. Bettie Veazy has been quite sick, but is better now.

Wm. Riggins is setting out a lot of raspberries this spring and he finds them a good crop.

Sadie Moore has built a telephone line to his father's residence and expects to get connections over the Cumberland lines soon.—Joseph Hibbs, Jno. Slaton and others also contentedly taking out telephones shortly.

Miss Cora Castlesberry, of near Princeton, is visiting her sister, Mrs. Wm. Riggins.

THURSDAY, APRIL 16, 1903.

ATTORNEY GENERAL CLIFTON J. PRATT is being urged to make formal announcement of his candidacy for the Republican nomination for Governor, but so far has not done so. Many men in Judge Pratt's home county and throughout the State, Republicans and Democrats alike, say that he would prove the strongest candidate who could be selected. The Judge is a man of superior ability, as all agree, and being the only Republican State official who was able to possess and hold office in spite of all opposition, he has entrenched himself in strong position in his own party. Had Judge Pratt been nominated for Governor at the time he was nominated for the place he now holds, the history of Kentucky would, we have always believed, have been written in different vein.

We wish to impress on the readers of THE BEE that the railroad men's contest, as published in this issue, is open to all, and everyone who is now or may hereafter become a subscriber is entitled to 10 votes on payment of \$1. for a year's subscription. Also anyone paying back subscription or renewing is entitled to 10 votes. This contest includes the men on the Henderson Division, and takes in dispatchers, conductors, engineers, firemen, brakemen, round house men, agents and operators. Through freight and passenger men desiring to vote can fill out the blank form in the paper and leave it and the dollar with Agent E. M. Orr or Operator J. W. Sanders at Earlington.

THE woes of newspaper men are legion. One never knows what is coming next. Only the other day an irate damsel informed us she had been away visiting and she added indignantly, "You never said a word about it in your old paper. If it had been Miss So and So it would have gone in," etc. We mildly protested we were ignorant of the fact and pleaded "not guilty" to the soft impeachment. In the next issue we resolved to let nothing escape and were congratulating ourselves that everyone who had gone visiting or had visitors were in the paper and, consequently, everyone would be pleased. What was our chagrin and astonishment to receive a visit the next day from another damsel who was correspondingly indignant because we chronicled the fact that she had made a visit to a neighboring town. Yes, verily, the editor of a country weekly hath woes that you wot not of and is continually between his satanic majesty on the one hand and the deep blue sea on the other.

THE enterprising advertisers who use THE BEE space have kept the editors pushed for place to put even local news for some weeks. Hence there has been no opportunity to use some very interesting matter pertaining to Kentucky's exhibit at the St. Louis Fair, which is on tap in the office. The Fair is coming, though, as THE BEE's readers all know, and there is time left yet to tell them all about it. The school teacher's popularity con-

test is on and should receive the attention and support of Earlington and Hopkins county people. Let's send our teachers on the free trip to the great show next year, and begin now. See details of the plan in our columns.

## AUTOMOBILE CLUB.

## MORGAN AFTER

### KENTUCKY COAL.

There is a fishy story going the rounds that J. P. Morgan is after the coal mines of Western Kentucky and that the electric button has been touched by the financial wizard that will accomplish his desires. The question naturally arises, what does Morgan want with the coal mines of Western Kentucky? He has all that is coming to him.

## A LIVING QUESTION.

Concerning the work of the Coal Strike Commission, President Roosevelt expresses the opinion that it is "of vast and incalculable benefit to the nation." The President exaggerates in this, as he does in most other matters. The recommendation of the Commission concerning the conduct of strikers and the rights of non-union men ought to have a wholesome effect, but so far it seems to have had little of any kind.

Concerning the President's opinion, Henry Loomis Nelson, in the Boston Herald, says, and he does not mince the truth in telling it: "To say this shows the optimism of the President's bosom, but not the strength or his head. Every act, every word, which has proceeded from the representatives of organized labor since the Commission's decision has shown that, fundamentally, labor unions as now organized, and as now inspired and led, are enemies of labor and of the community, and, therefore, as such enemies of the public welfare, as restrainers of trade, as persecutors of the efficient in aid of the inefficient, they must be put down or be reformed. And they must be put down by the community or reformed by their own best men who now suffer with the rest of us from the follies, the excesses, the oppressions and the wickedness of men whose means of livelihood depend upon their capacity to make trouble, and to restore that state of private war which ceased to exist in Europe in the middle ages, but has now been restored in America, in England, and in Holland by the very men whose welfare is absolutely dependent upon the maintenance of prosperity. One great difficulty in the way of a betterment of conditions is the cowardice of the politicians and the press. From the President down, not a politician dare speak the precise truth to the labor men, and all but a very few journalists are cowering with the politicians. The truth must prevail, however, and the time is coming when it will be spoken to good purpose. In the meantime, it would be just as well to cease prattling about the incalculable good which the President's Strike Commission has accomplished, at least until the prattling shall be no longer disturbed by the hoarse cries of the strikers as they pursue non-union men from their work and do their utmost to break up or interrupt the country's prosperity, for it is clearly the truth that nothing is threatening that prosperity but the men for whose benefit Mr. Roosevelt utters not a single wise and courageous word of warning, or of exhortation to moderation, or to loyal obedience to the law."

Who is there of character or reputation to deny the truth of all this? We hear much talk of the negro problem. The labor problem, the right of men to work, and to protection by law, are questions that are growing more serious—and the settlement or the solution must come before many years.—Nashville American.

# WHY?

The reason One Minute Cough Cure relieves a cough in five minutes is because it acts first on the mucous membrane right where the coughing comes from. It loosens the mucus on the throat and chest, and the mucus is coughed up and cleared away. The One Minute Cough Cure is a powerful cough medicine, and cures all coughs, but it is not a stimulant, and it does not irritate the throat. It is a pure, natural remedy, and it is the only cough medicine that is so quick and so sure.

Good for Rheumatism.  
Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying all the usual prescriptions and rheumatic cures, I decided to try the One Minute Cough Cure. I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sally Harris, Salisbury, N. J.

Hay Fever Unknown.

Certain it is, and many years of careful experience are back of the statement, that hay fever, and kindred annoying and troublesome summer affections distressing to so many thousands all over the country, recurring as regularly as June and August, are absolutely unknown in the "Highlands of Ontario." Thousands of people go to Muskoka, Georgian Bay or the Lake of Bays every year for nothing else but to avoid hay fever, and find perfect immunity from the ailment, and many by going there regularly for a period of a few years are said to be permanently cured.

County Clerk Herrin is not the only person who has found more benefit from one box of Hill's Anti-Malarial Tablets than more costly preparations. They are a good tonic and a fine laxative and they are needed in restoring lost vigor to an overworked body. Price 25 cents for sale by all patent medicine dealers in the country."

How pitvily a man looks upon the woman who has been slighted in love.

How easily some men settle affairs which puzzle their intellectual superiors.

Caution!

This is not a gentle word—but when you think how liable you are to be lulled into a false sense of security by the remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1885 for the cure and treatment of Croup, Whooping Cough, Sore Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough medicines made by cheapening this one, and others that are cheap and good for colds, but for severe Croup, Whooping Cough, Sore Throat, and lung troubles, there is nothing like Boschee's German Syrup. Sold by all druggists in the civilized world.

# Face Body Cut.

Little George Hamilton O'Brien, son of Mr. and Mrs. Hamilton O'Brien happened to a painful accident Tuesday, he climbed to the top of the eastern and in some manner fell on the brick wall below. He cut his face and head. Several stitches were taken in his face. He is reported getting along nicely now.

Dreadful Attack of Whooping Cough.

Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Jno. X. Taylor.

The first thing to do, if you have not done it, is to fall in love with your work.

Were it not for love, many a girl would be unable to make herself miserable.

Due Notice is Served.

The public notice is hereby served on the general public that DeWitt's Witch Hazel Salve is the only salve on the market that is made from pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought forth many counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are sure to get the genuine cure. For sale by John X. Taylor.

The man who never gets enough will enjoy what he has more than the man who gets too much.

One of the greatest discoveries of the new century is the means whereby a cure may be had of most any form of liver and kidney trouble, biliousness, sour stomach, sick headache, and that is found in Hill's Universal pills, for a full account of their merits write Mrs. Jane Thornton, of Moark, Mo. Your druggist guarantees them, they are mild and effective, price 25 cents per box.

It is singular that the man who can always tell how it should be done never did it, or anything like it.

# Paine's Celery Compound

Permanently Cures Sick and Nervous Headaches that Make Life Miserable.

Sick and nervous headaches are amongst the worst ills of the human race. The man or woman who is subject to headache at irregular intervals, goes through life bearing a load of misery and distress which is terrible to think of.

Headaches as a rule, result from a disordered condition of the nervous system. Mental excitement, loss of sleep, bodily fatigue, and disordered digestion are exciting causes. When the brain becomes tired and debilitated, the whole nervous system is weakened, and headaches result. If the liver is sluggish, the kidneys inactive, and digestion deranged, headaches inevitably follow. To cure the headache, the nervous system must be strengthened and vitalized. The most persistent cases of headache, nervous feelings, and dizziness, are permanently cured by Paine's Celery Compound; it is the great restorative of the nervous system. Mrs. Henry Weirick, St. Clair, Mich., tells of her release from suffering as follows:—

"I have been troubled with dyspepsia and sick headache for a number of years. About every week I would have a bad spell of sick headache, but since I began using Paine's Celery Compound, my dyspepsia is gone, and I do not have any more headaches. I feel better than I have for years."

## SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

### Tobacco Was Cheaper.

A man who chewed 30 cents worth of tobacco a week, decided to try a tobacco cure. At the end of two weeks he had eaten \$1.50 worth of cure and for the next two weeks used 10 cents worth of chewing gum, 10 cents worth of candy, 10 cents worth of peanuts and 10 cents worth of cough drops a day. During these two weeks he had consumed two large rubber erasers, ate the tips from 14 lead pencils, chewed up a dozen penholders and browned off his mustache as high as he could reach. He is now chewing tobacco in the interest of economy, once more contented and supremely happy.

### Miss Sallie Orr Ill.

Miss Sallie Orr is quite ill this week and she is not improving as fast as her friends would like. Stomach trouble in an aggravated form seems to be the trouble. Dr. Bone, of Madisonville, is waiting on her.

### Mrs. Chatten Entertains.

Mrs. E. A. Chatten, entertained a few Earlington and Madisonville friends Tuesday night in honor of Mrs. Pfeiffer, of Cripple Creek, Col. Finch was the principal guest of the evening, after which delightful refreshments were served. It goes without saying the guests enjoyed themselves thoroughly and the informal gathering was a decided success.

## KNIGHTS TEMP. LARS INSPECTED.

St. Bernard and Madisonville Commanderies Give Banquets and Exchange Courtesies.

### EASTER SERVICES AT MADISONVILLE.

The two evenings preceding Easter, and Easter Sunday itself were signalized by a friendly exchange of courtesies between St. Bernard Commandery No. 29, and Madisonville Commandery No. 37, Knights Templars.

On Friday evening Madisonville Commandery was inspected and on Saturday evening St. Bernard Commandery was visited by the inspecting officer. Eminent Sir Alexander Du Vall, of Bowling Green, inspected both commanderies, coming in from Grand Generalissimo, Col. Theo. J. Smith, who was detailed as inspecting officer by the Grand Commander.

Both Commanderies served delightful banquets and exchanged visits. Because of inclement weather and business engagements the delegation from St. Bernard Commandery to Madisonville on Friday evening was small, but the Earlington Sir Knights made it up on Sunday when they went in numbers to Madisonville, where they participated in the services and staid to dinner with Madisonville Commandery. The banquet of the local Commandery was served on the stage of the Temple Theatre under the management of Mrs. Paul M. Moore, assisted by Miss Celeste Moore.

Foley's Honey and Tar contains no opiates, and will not constipate. It cures all other cough medicines. Refuse substitutes. Sold by John X. Taylor.

### Cheap Homes in Texas and Arkansas.

Along the Cotton Belt Route—land that can be bought for \$2.00 to \$5.00 an acre and up—cut-over timber ground that makes good grain land, furnishing range in ten or eleven months of the year, farming land for corn, wheat, oats, cotton—some of it peculiarly adapted to quick growth and early maturity of fruits and vegetables, such as peaches, pears, plums, strawberries, tomatoes, potatoes, onions, cabbage, melons—finding good markets in the north at fancy prices, on account of excellence of quality and earlier maturity than in other sections. An ideal place for the man of small means—cheap fuel, cheap building material, long growing seasons, short, mild winters—a land of sunshine and plenty. Just as good an illustration of the descriptiveness of this country.

"Homes in the Southwest," "Glimpes of Southeast Missouri, Arkansas and N. W. Louisiana," "Through Texas with a Camera," "Fortunes in Growing Fruits and Vegetables," "The Fruit and Truck Growers' Journal."

On the first and third Tuesdays of each month the Cotton Belt Route will sell one way tickets from St. Louis, St. Paul, Chicago and Memphis, to points in Arkansas, Louisiana and Texas, at half the one-way rate plus \$2.00 for round trip tickets at one fare for the round trip plus \$2.00, allowing stopover nights, and return limit of 31 days.

A Sweet Breath is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once and after taking a few bottles am fully recovered in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach healthy."

## CRUELTY AT ASYLUM.

Investigation of Lakeland Scandal Brings Out Sensational Statements.

### ROTTEN CONDITION DEVELOPED.

Louisville, Ky., April 14.—Throwing himself upon the mercy of the investigating committee of the Board of Trustees of the Central Insane Asylum and begging for protection, declaring that he feared for his life, a patient of the institution, who has just recovered from an assault made by an attendant yesterday, gave his testimony in the presence of a sub-committee representing the grand jury.

The patient had been confined to his bed for five weeks on account of two broken ribs and other injuries which may disable him physically for life.

The examination of the patient was the most dramatic incident of the investigation of the charges of cruelty on the part of the attendants at the asylum, and it was also brought out that several physicians at the institution knew of the affair, though they failed to report it. The attendant alleged to be guilty of the assault is still employed at the asylum. According to the testimony of the witness, who is an old man, he was told by one of the attendants to get some milk at breakfast time. Upon his replying that he would get it when it came, the attendant knocked him down and jumped on his breast. Then the patient was dragged to the ward and locked up. The witness' testimony was corroborated by a boy who was present when the assault occurred. An attendant also stated that he had known of the occurrence.

Other instances of cruelty also were brought out, and it was developed that in the negro female ward a patient was held under water until she was really strangled, while another had been beaten and choked.

### Some Sound Argument.

The one who blows without having anything to blow about wastes time and energy. The excellence of our stock gives us warrant for blowing. Always the newest and best, always the greatest variety and the highest quality. These things help us to our large volume of business.

## FREE TRIPS TO ST. LOUIS WORLD'S FAIR. ALL EXPENSES OF THE 120 MOST POPULAR SCHOOL TEACHERS IN THE STATE PAID.

school children and pupils generally invited to vote to elect in every county. Votes taken at the time of the election. All money over and above the cost of the trip to go into creation of the Kentucky Building at the World's Fair. Every teacher of a Kentucky school, knowing a worthy cause and desiring to see the building erected, at the same time a favorite teacher has received recognition. Contest conducted by the Educational Exhibit Committee of the Kentucky Building Association, the organization formed to raise money for the Kentucky Building and fall display of the state's products and resources at the Fair. Every educator in the state, whether teacher in public or private schools, or member of faculty of academy, college or university, medical, dental or theological institution, is eligible to election. Members of the Educational Exhibit Committee alone excepted.

Names of all schools voting to be enrolled in the Kentucky Building at the Exposition. Kentucky will have an educational exhibit occupying 2,000 square feet of space in the Palace of Education. The Exposition is the largest in the world. The 120 teachers chosen will be lucky indeed in being tendered this trip to the Fair. Every county in the state will be represented. The number of votes will be allowed to send two teachers—the most popular and the second most popular.

**THE VOTES WILL BE TEN CENTS EACH, TEN CONSTITUTING A BALLOT.** At ten cents each every school child in the state will be able to cast at least one vote for his or her favorite teacher. But the voting will not be confined to school children.

**PARENTS OF PUPILS OR ANY OF THEIR FRIENDS MAY VOTE.** The purpose of the Association being to elect the most popular school teacher in each county, as so considered by the public generally, as well as by the school children. Ballots contain ten votes, no cents of ten pupils may be assigned and each pupil ten cents be credited with his or her vote. If a teacher votes to cast ten votes, it may be done by writing his name on one of the spaces and returning one dollar. It is not required that the name of the person voting be written on the spaces for voters' names may be left blank. The Association wants, however, to enroll in the Kentucky Building at St. Louis next year the name of every child who cast one or more votes in the contest. Pupils are asked therefore to sign their names plainly to the ballots.

**ALL EXPENSES OF THE TEACHERS WILL BE PAID BY THE ASSOCIATION.** This will include railroad transportation from Louisville to St. Louis and return, board at one of the best hotels in the city for the duration of the Exposition.

**THREE PARTIES WILL BE MADE UP FROM THE MOST POPULAR TEACHERS** to make the trip more profitable and more enjoyable. Each of these parties will consist of forty or fifty teachers. The parties will be made up of teachers from each county. As there are only 120 counties in Kentucky, the Association has decided to allow two teachers—the most popular and the second most popular—from each county—teachers excepted—which will constitute the greatest number of votes in the contest.

**ALL TEACHERS IN THE STATE STAND ON AN EQUAL FOOTING** in this contest. The teacher with only twenty pupils may receive more votes than the teacher with five or six times as many enrolled in his or her school, because the voting is not confined to children. The public will be an important factor.

**TEACHERS OF A MONTHLY SCHOOL, WHICH CLOSURE IN NOVEMBER OR DECEMBER, THE OPPORTUNITY WILL BE TO VOTE FOR THE TEACHERS.** This is a point to be remembered. The more dolls are sent in for any one teacher the more votes he or she will be credited with.

**LAST NUMBER OF BALLOTS MAY BE CAST AT ONE TIME.** There is no limit. The more dolls sent in for any one teacher the more votes he or she will be credited with.

**TEACHERS OF A MONTHLY SCHOOL, WHICH CLOSURE IN NOVEMBER OR DECEMBER, THE OPPORTUNITY WILL BE TO VOTE FOR THE TEACHERS.** This is a point to be remembered. The more dolls are sent in for any one teacher the more votes he or she will be credited with.

it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

"I suffered terribly from indigestion and thin blood. I tried so many pills I took Ayer's Sarsaparilla. Four bottles permanently cured me."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

## Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

For a bottle of Ayer's Sarsaparilla, send 25 cents to J. C. Ayer & Co., Lowell, Mass., U.S.A.

### Addicted to Blunders.

A certain resident of the town of Howell seems addicted to peculiar blunders of speech, in fact his dominant traits are "Irish bulls," although the man is a Dutchman. When the two engines, 647 and 229, that were wrecked at Rankins March 11th, reached Howell yard the next morning, this man was heard to remark to one of the crowd that had gathered to see the sight: "Wonder how far apart they were when they hit?" On another occasion he said: "It ain't as cold today as it is now, is it?" It is told of him that he at one time endeavored to become connected with the mechanical department and approached the master mechanic for a job as follows: "You don't know of nobody that don't want to hire nobody around here, don't you?" "No, I don't," was the reply.

Sam Gray, engineer of the coal hoist at Guthrie, has gone to Birmingham, Ala., on a leave of absence.

A man's soul is accepted as a ticket on all trains of the Black Hawk Valley Railway, of which Hell is the terminal.

Thomas Walsh is breaking in a class of new firemen on the St. Louis division.

Henderson Division Traveling Fireman L. C. Smith is now working on the St. Louis division in place of Traveling Fireman Herman Wetzel, who is in the hospital undergoing treatment for appendicitis.

His light shines the brightest who has a reflector of good character behind it.

Geo. T. Dunn, car repairer at Howell, had the misfortune to step on a nail last Wednesday, which entered the ball of his right foot, disabling him from duty for a few days.

Jack Roach, J. T. Donovan and H. B. Withers, Earlington roundhouse boys, went to Evansville last week to be examined on eyesight and hearing before the L. & N.'s oculist, required of all applicants for positions as firemen. They will run as extra out of Earlington.

First brakeman—"Say, I've got a snap at this end of the train. The easiest thing you ever saw?"

Second brakeman—"That's what you seem to have. It's a wonder to me you'd have the cheek to go to the pay car."

Roy Piesley, clerk and stenographer in Foreman Buckley's office at East St. Louis, has left for Los Angeles, Cal., for his health.

Traveling Engineer Dennis E. Kelly spent a few days on the divisions this and last week.

One of the Swoyer new steam shaker of grates has been sent to

Howell for trial on the St. Louis Division.

Fireman P. J. Dillon has gone to Cloverport, Ky., to spend a few days.

On account of the congested condition of the Howell yards some hundred odd bad-order cars have been sent to Paris and Stonega shops.

Engineer J. H. Burns, after an illness of several months, has recovered sufficiently to stand a trip to Mt. Vernon, Ill., where he expects to visit until able to resume his duties as engineer.

Robt. Bergen and A. W. Izatt, of E. St. Louis, called on the master mechanic at Howell last Friday to be examined for positions as switch firemen in E. St. Louis yard.

Blacksmith P. J. Moynihan and wife were called to Terre Haute, Ind., Saturday on account of serious illness of Mrs. Moynihan's sister.

Warner Campbell, formerly engineer on the Henderson Division, is now running on the Denver and Rio Grande out of Pueblo, Ariz.

Chief Dispatcher E. L. Wise made a trip over the north end this week.

Operator Brooks went to Springfield, Tenn., Sunday to visit home folks.

P. O. Duffy, brakeman on the north local, has been off a few days on account of sickness.

Conductor Buckley has been on the sick list for a few days.

B. B. Hackney, Albert Hawes and Tim Harrington are now carrying the bills and should be addressed as "Conductor." These three boys have worked hard for promotion and their many friends are glad to see them get it.

We are sending every conductor and brakeman, engineer and fireman, operator and agent on the Henderson division a sample of THE BEE and we sincerely hope that each one who receives a copy will read it carefully and then subscribe for the paper. It only costs one dollar a year and is the only newspaper published that gives the railroad news of the Henderson division. It is to a large extent a railroad man's paper and certainly deserves their patronage and support. All who desire to subscribe for THE BEE can leave their name and address with Agent E. M. Orr or Operator Sanders at the depot and they will receive the paper promptly. Come across, boys, and get in the push.

Henry Jones has been off his run a few days on account of his wife being sick.

Col. W. F. Sheridan left last Saturday for his home in Ohio to be gone a week. He wished to visit home folks before leaving for Mexico, where he will go on the 25th of this month.

It is rumored that one of our most popular dispatchers will not remain with us long after Col. Sheridan leaves.

The boys on the H. D. are very anxious to know who the new train master will be. We are not in a position to say positively, but feel sure it will be a H. D. man or someone else.

Every Drop Counts. Remember that when you are rubbing Perry Davis' Painkiller on a muscle that has been strained by overwork. Down into the tiny pores of the skin Painkiller works its way, soothing the inflamed tissues and taking away the ache. Ask your druggist what his other customers say of this household benefactor. There is but one Painkiller, Perry Davis'.

## MINING NOTES.

Paducah, Ky., April 15.—The six car painters at the Illinois Central shops walked out on a strike today because two of them were laid off for refusing to work yesterday.

Pineville, Ky., April 15.—Articles incorporating the Turner Coal Company have been filed in the County Clerk's office. The principal place of business will be Middlesboro and the capital stock \$50,000, with \$25,000 paid up.

Made a Record.

Mr. I. Bailey, secretary and general manager of the Reinecke Coal Co., sends the following information to THE BEE under date of April 13th:

"Knowing that you are interested in everything that pertains to the work in the mines, and especially as to the qualifications of the different employees in the mines, we beg to advise you that we have a driver in our employ by the name of Wm. Hamilton, colored, who did on two days last week make as good a record of pulling coal, we believe, as we think it possible for any man to make. In fact we would like to know whether any driver in this district has ever done any better work. Our drivers pull from the rooms to the partings one car at a time. On Tuesday, April 7th, this driver pulled 97 cars in six hours, and on Thursday, April 9th, he pulled 99 cars in six hours and thirty minutes. We would like for you to publish this and, if it is possible, ascertain if there is any other driver in this section who has made such a good record as this,

and if so we would like to hear from him."

Harry Simoth, a Pennsylvania union miner, who shot and killed James Winston, a nonunion man, during the anthracite strike in September, plead guilty to second degree murder and was sentenced to eight years' imprisonment.

The New York Supreme Court, Appellate division, has decided that a labor union has not the right to order a strike where the only difference between employer and employee is a refusal of the employer to recognize the union or its representatives.
